

## **famous last words**

It's no use thinking  
of writing verse  
when the hearse is on its way.

It's no use  
inking immortal lines  
upon the judgement day.

So get up early and make a start  
write from the centre  
of your heart.

Don't bide your time  
for some heavenly sign.  
Just pen some last words  
along the waiting line.
